Happy Monday Everyone,

We would like to let you know that we WON our "Work Year" grievance #02-05-21. We were told a couple of things.....1. That it was paid out on this paycheck that we received Friday 10/1/21 and 2. That admin would send an email to our members stating this and what to look for. According to Admin it was paid out on 10/1/21 so check your paycheck stub. (See below for explanation of payout) and we were told Saturday morning that an email would not be sent out by Admin. So here we are sharing this great news ourselves.

If an employee came in and worked on 6/3/21:

- The employee will keep the holiday already given (6/4), keep the pay from 6/3, and be paid hourly for 4 hours worked (6/3).

If an employee came in on 6/3 to work and came in on 6/4 to conduct a "dry run":

- The employee will keep the holiday already given (6/4), keep the pay from 6/3, be paid hourly for 4 hours worked (6/3), and be paid "route time" or 4 hours worked (whichever is greater) on 6/4.

If an employee took a benefit day:

- The employee will keep the holiday already given (6/4), keep the pay from 6/3, and is returned the benefit day (without deduction from subsequent paychecks)

If an employee did not come in:

- The employee will receive one day of holiday pay.

Note: This payout will show up on the Retro Clas line of your paycheck. There will be no total hours or hourly rate. It will only show on the "current" column.

Any questions please let us know and we will follow up.

Thank you

Heather, Macy, Shawn, Sheri
